U.S. TROOPS FROM OMAHA RUSHED TO GARY

Wilson Continues to Gain, Physicians Report

PRESIDENT HAS QUIET NIGHT; DOCTORS BELIEVE WORST PERIOD HAS BEEN PASSED

Possibility of Setback Still Exists and They Keep Him in Bed.

NOT ALLOWED TO WORK

Will Not Be Able to Take Up Public Duties for Several Days.

WASHINGTON, Oct. 7.—President Wilson was better to-day, following a good night's rest. He is still restless, it was said, and desirous of beginning work. No business is to be brought to the President's attention, because it is feared if some matters are put before him it will not be possible to keep him from attending to others.

The following bulletin was issued by the physicians at 11:30 o'clock: "The President's improvement has continued. His appetite is decidedly better and he is sleeping well."

The President himself does not wish to leave Washington, feeling that there is no necessity for it, and his doctors and family believe he can be kept quiet as effectually at the White House as elsewhere.

The President's condition has improved so steadily for several days that his physicians seem hopeful that the worst period of his illness had been passed.

They still indicated there was a possibility of a setback, and insisted that he remain in bed. They thought it might be several days before he could give any attention to official business and much longer before he would be able fully to resume his duties.

Persistent rumors regarding the President's condition have been set at rest in informal talks with Dr. Grayson. One of these reports was that Mr. Wilson had suffered a slight stroke on the brain. Another was that there had been a slight cerebral hemorrhage. Neither of these rumors is based on fact, it was said at the White House.

Deep Concern Felt in England Over Wilson's Illness.

LONDON, Oct. 7.—The British press shows keen concern over President Wilson's condition. The Chronicle says:

"It is not too much to say that no sicked in our time, perhaps in any other time, has commanded such universal concern and sympathy. Not only America, but all of mankind, is involved in Wilson's welfare."

"Great Britain," the Daily Mail says, "awaits the news of President Wilson's condition no less anxiously than the people of America. A strain on the nervous system is the penalty of the conscientious fulfillment of any great task."

LANSING URGES BAN ON ALIENS FOR YEAR

WASHINGTON, Oct. 7.—Continuance of wartime passport regulations for one year to prevent an influx of undesirable aliens was urged before the House Foreign Affairs Committee to-day by Secretary Lansing and Representative Johnson, Washington, Chairman of the House Immigration Committee and author of a bill providing for the extension.
